Please note that the offer of accommodation may be withdrawn if no reply is received within the specified time period. If you accept the offer of accommodation and then wish to cancel or postpone your date of arrival, you will be liable for one month's rent unless the Accommodation Office receives notification at least one calendar month before the original date of arrival.

Your departure date is stated in your Formal Offer of Accommodation and your Tenancy Agreement. If you wish to vacate earlier, two calendar months' notice is required in the first six months of any tenancy and one calendar month thereafter, in writing or via email, to the Accommodation Office. The accommodation must be vacated by **12 noon** on the day of departure. If you wish to delay your departure, you should check with the Accommodation Office as far ahead as possible.

The College also has the option of 50-week licences with an end date of the second week in September each year. Requests for extensions beyond these dates will be accepted but not considered until after the ballot has been held. Information on how to apply is on the College website. Summer extensions cannot be guaranteed.

### **Accommodation for people with disabilities**

### **Notification of vacant accommodation**

During the course of the year, if accommodation becomes vacant, it is normally offered to the person with the highest priority (see criteria online).

### **Date of Arrival**

New students are expected to arrive in Oxford some time before the beginning of term and most usually allow themselves a week to settle in. Please note that if you plan to arrive at the weekend, the College's offices are closed and there are no meals available in the Dining Hall (except for Saturday lunch/brunch). Students who will be working in departments, institutes or laboratories may be required to arrive earlier and should write to the departmental administrator concerned for details. The College regrets that students who, for any reason, arrive and have not fulfilled their college and departmental conditions will be asked to leave.

### **Lost keys**

In order to increase security, only the lodge receptionists can issue replacement keys and you must report lost keys immediately if you cannot find them.

### **Access by College staff**

Every attempt will be made to give due 7 days' of notice when access to accommodation is required for planned maintenance of other activities.

### **Security**

Please keep your doors and windows locked at all times, especially when you are not occupying the room/flat/house. Leaving doors unlocked may mean that your insurance cover may be invalid. The College cannot accept responsibility for the loss or damage to an individual's personal property.

### **Insurance of personal property**

A collective insurance policy is arranged with Endsleigh Insurance for those members who are living in College accommodation. The cover is up to £5,000 of your possessions held in your accommodation and has been secured at an extremely competitive rate which is included in your rent. (Within the total sum insured there are smaller limits set by the class of item.) Information that describes the cover, how to claim and how to extend cover should you wish to do so, is available online and there is also an app to download. The College accepts no responsibility for the loss or damage to an individual's personal property. You can review your policy on line by visiting <https://www.endsleigh.co.uk/reviewcover>

Please note – the College's collective insurance Policy with Endsleigh is only provided for students living in College who are named on the Licence, and only covers possessions held in their accommodation. It does not cover any possessions such as laptops or mobile phones which are lost or stolen elsewhere. You are able to insure these items for use anywhere by extending your existing policy for a small additional premium. Contact Endsleigh insurers by phone on 0300 3030 280 or online <https://www.endsleigh.co.uk>
