

High Profile Support Grants (SPORTS & ARTS)

SPORTS AWARDS

These grants are to support individual students who are striving towards the peak of sporting success and contributes up to a maximum of £200 to the travel and subsistence costs incurred for;

- training activities for contenders for Blue/half-Blue, County or National status
- competition at national or international level

The sport must require sustained effort in training and applicants must demonstrate a long-term commitment to the sport. An email from the Sports Club President supporting the worth of the training activity and confirming the competition/training is at the stated high level is also required. The grant (up to a maximum of £200) may also be used towards the relevant Oxford University Sports Club membership fees when the supporting statement from the Club confirms that the membership fee has been paid by the member and that the fee is used by the club to support the member in their training and competition activities at the high level set out above.

The grants are up to £200 from the Common Room Fund; this is a maxima and funding is not guaranteed. Eligible applications may be declined, or a reduced sum awarded, where the overall budget is likely to be exceeded or where multiple applications are received relating to a single club or event which would restrict availability to support a broader range of clubs/events. The grants are limited to one per person per financial year and only currently enrolled graduate students who are members of Wolfson College are eligible to apply.

If a grant is awarded, students will be able to claim for expenditure up to the awarded amount by submitting an expense claim form and copies of receipts. Claims submitted without receipts cannot be processed. Payment will be credited to your Battels in the first instance. If payment is made to a bank account, it will be made in Pounds Sterling to a UK bank account only.

ARTS AWARDS

These grants are to support individual graduate students who are striving towards the peak of success in music or the arts up to a maximum of £200. The grants are intended to contribute to travel/subsistence costs incurred in participating in national or international level competitions, festivals, workshops, performances or exhibitions. Candidates should be able to give evidence of sustained effort and high achievement in music, drama, public speaking, writing or the visual arts.

Applicants must demonstrate a long-term commitment to their chosen art form and the value of the activity for which they are requesting funding. A letter from a relevant teacher, mentor, or society president supporting the worth of the activity is also required.
